A. Partea I: CITIT

Read the texts below and choose the correct answer a, b, c or d.

An old woman is walking home. She is carrying a bag of groceries. Suddenly a monkey takes the groceries and runs. Where does this happen? This happens in Hong Kong.

Hong Kong is a big city with a big problem – a problem with monkeys. About 700 monkeys live in a forest near the city. They come into the city to eat. The monkeys take bags of groceries from old women, take bread from babies or go into apartments through open windows and take fruit from kitchen tables. In some apartments the monkeys find cans of beer. They open the cans and drink.

The people of Hong Kong don't want the monkeys in their city. They say that the city is not a good place for monkeys.
